Allowable Subject Matter

Claims 17, 18, 20, 21, 23, and 25-33 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest the claimed process of planing concrete between flanges of a mold skeleton, rather than on the opposite side of the skeleton from the flanges, to form an apparatus and then using the concrete face of the apparatus, rather than the material of the mold frame, to mold concrete.
